
INNOVATIVE AIR MOBILITY
NATIONAL AND INTERNATIONAL DEVELOPMENT SCENARIOS
LEGISLATION AND REGULATION

OCTOBER 9TH, 2024

CONVENTION HUB | 10.00 - 11.30

IAM, the Innovative Air Mobility is strategic for the ecological transition and territorial cohesion but implies new challenges: construction of new aircraft with low environmental impact fuel, regulatory adaptations to allow integration with urban and air mobility and ensure user safety, and construction of new infrastructure (Vertiport).
